How to "smartify" your home

Anything and everything is "smart" these days. Smart TVs, smart speakers, smart homes, smart buttons, smart whatchamacallits.

But how do you start?

We'll begin by demonstrating how to set up a smart plug and a smart cam. If time permits, we'll also talk about IFTTT (IF This Then That) and how it makes your life, not just your home, smarter.

For further information,
email programs@wpcug.org.

GIVE NEEDY KIDS A COMPUTER!

Children are mandated to leave full-time resident programs because of their age and they then lose computer access. Laptops that WPC-Renew volunteers are refurbishing for them need power supplies and batteries. Every kid should have computer access.

GoFundMe contributions can be made [here](#) to support this effort.

Weekly Update
November 18-21, 2019

Winner! Winner! Winner!
APCUG eBulletin contest

Schedule

Tuesday, November 19, 2019

Photo Editing

Leader: Jim Icaro
7-9 p.m.
White Plains Middle School, Room 265

This month we will start learning about Photoshop Elements 2020. We will examine new features of 2020, starting with photo effects, automatically colorize your photos, smooth skin automatically, and one-click subject selection.

Wednesday, November 20, 2019

WPC-Renew

Leaders: Jimmy Lamake and Gary Feiman (914-297-8490)
4:30-6:30 p.m.
Wartburg Hauselt (Building 11), Room 205 (See map below)

WPC-Renew missed two sessions in October due to a holiday and bad weather. We have just about finished unpacking from our move and have restarted our work of refurbishing computers.

The Association of PC User Groups (APCUG) recognized our weekly email for its content and design.

Linux and Makers Workshop

Listen for our meeting announcements on FM99.5 Personal Computer Radio Show

Westchester PC Users Group

We are a nonprofit computer club located in Westchester County, New York. Our goal is to increase the computing knowledge of our members and our community.

In case of inclement weather call 914-227-2495 for schedule changes.

We want to make 98 donated laptops work for needy kids. Please help us to help them using [GoFundMe](#)

General Meet

Online Privacy

October 3, 2019 @ 7 pm

Keller Williams NY Realty
120 Bloomingdale Rd ***[location map](#)***
White Plains, NY 10605

Plan now to attend!

When you are surfing the internet in the comfort of your home or office, it is easy to forget that you are also in a public place. The internet presents many challenges to your privacy from eavesdroppers, hackers, advertisers, and more.

Just as you look out for card skimmers and cover your hand as you enter your PIN at an ATM, there are tools and practices you can use to protect your online privacy. Come learn about the risks and tools for protection.

Director of Transformation and Strategic Operations for the Westchester Library System, Rob Caluori hold Master's Degrees in Information Systems and Information Science. He is a librarian, amateur radio operator, technology enthusiast, and unabashed privacy advocate.

Oh, and one more thing.....

At every General Meeting we have door prize drawings. This month's door prize:

Our Extensive Website

WPCUG

Now you can join **Westchester PC Users Group** or renew your membership conveniently and safely online via credit card or PayPal. You can also make a tax deductible donation.

Conventional mail / check payments are still available too. Click [here](#) to join, renew, or donate.

For questions, email our membership chair at membership@wpcug.org

WPCUG Tech Support Consultants

You can download [a list](#) of WPCUG members who are offering their services to members and non-members alike. Members get a discount.

THE WEB SHOW

George Hammer

We examine interesting and useful things on the web. We look at websites about health, finances, productivity, collaboration, selling on the web, and exotic products such as Bitcoin and the TOR browser.

DIGITAL CAMERAS

Allan and Heather Turnbull

Do you want to know about your camera? Bring your digital camera and manual. We show you how to use it in a relaxed, informal, and hands-on environment.

macOS FOR BEGINNERS

Pierre Darmon

If you are new to macOS, this workshop is for you. If you would like to share some tips and tricks, join us. We also cover iPhones and iPads and their relationship to your Mac.

PHOTO EDITING

Jim Iscaro

Learn to take pictures off your phone or camera, organize them, back them up, and select the best. We then edit them so they look like the picture we wanted to take.
