

Plan now to attend!

PHOTOSHOP ELEMENTS 2018

This month Jim Iscaro will be giving a presentation on Photoshop Elements 2018.

Photoshop Elements is a time-tested photo-editing application. Over the years it has evolved into a sophisticated, yet easy to use program. This version of Elements is another giant step forward with many new features that add powerful tools and keeps its excellent reputation.

Some of its new features are:

- Auto Curate—to find the best photos
- Open Closed Eyes
- Replace Background
- Overlay Effect
- Double Exposure
- Auto Selection—simply drag over a subject to select it.

WPCUG ELECTIONS

Club bylaws require that there be a rotation of board members to ensure a constant flow of new ideas.

Two directors are going off the board at the next election, which will be held during the General Meeting on March 1, 2018.

Plan to attend and to vote as the election is another way to express yourself and your thoughts about the club.
