Volume 37 ♦ Number 11/12 ♦ July/August 2018

On July 5, Presenter Bob Gostischa from **Avast** explains the current dangers that face us daily. He'll share what he uses to keep his computers, smart devices, and other connected things that are a part of the IoT secure. Avast has been making security software for over 25 years and has more than 400 million users worldwide.

On August 2, Praveen (Sam) Sharma, a local college professor, will present the benefits and details of using several of the popular available **Cloud Tools**. He will discuss Dropbox, Box Sync, and Google Drive as well as the various nuances and niches each of these products address. Bring your questions and concerns about using the cloud.

WPCUG Summer Schedule

During July and August **Westchester PC-Renew** will continue its weekly workshop—except on Wednesday, July 4. The **General Meetings** and **Beginners Workshop** will maintain their normal schedule: first Thursday each month. See you there!

The Board of Directors wishes you a happy, fun-filled summer.
