

### Holiday Gifting

Allan and Heather Turnbull will take us on a digital camera shopping tour at the Dec. 6 General Meeting. Just in time for the holiday gift season, they will discuss digital cameras from phones to DSLRs (digital single lens reflex). Besides discussing what’s available, what’s new, and what’s intriguing, they will share their personal experiences on what cameras would be a perfect gift! Their presentation also will touch briefly on the history of cameras.

WPCUG members Allan and Heather Turnbull are steeped in photography and run our digital photography workshop on the fourth Thursday of each month. Allan retired from the MTA and is a longtime photography enthusiast. Heather is an art school graduate, who later worked at MetLife in its graphics department. Back in the day, they remember bringing their kids to an Apple computer club where they used early Macintosh computers and its predecessor—the Lisa.
