

YOUR DIGITAL AFTERLIFE

DON'T SCAM YOUR HEIRS, FRIENDS (AND EVERYONE YOU HAVE EVER KNOWN) FROM YOUR GRAVE!

So you think just having a will is good enough? David Shulman will walk you through the pitfalls of dying without preparing your digital life for the “afterlife.” He will pose some crucial questions you SHOULD deal with right now (BUT would prefer not to).

~Do you think having a will and a person with Power of Attorney is enough?

~How do you avoid messing up your kids, relatives, friends, and the causes and organizations you have supported during your life?

~Will your online life be as private as you wish?

~How to deal with your DIGITAL legacy?

~Are your information assets safe and in the control of those you intend?

~Can you prevent your online accounts from falling into the wrong hands?

~What will happen to all your pictures?

~Have you prepared your ON LINE afterlife?

~How you can you make the correct moves now to avoid adding great trouble and ongoing difficulty to your survivors and the organizations you supported?

David, our Weekly Update co-editor, teacher, sailor, former tech hardware installer, and board member, will pose questions to ponder so you can cope with the ongoing effects of the digital world we are sliding into. He will provide resources and sources for information.

WPCUG ELECTIONS

Club bylaws require a rotation of board members to ensure a constant flow of new ideas.

Two directors are going off the board at the next election, which will be held during the **General Meeting on March 7, 2019**. Consider running for one of these positions. Just let any current member of the board know that you are interested.

Plan to attend and to vote as the election is another way to express yourself and your thoughts about the club.
